

iterators::const_zip

iterators::zip

iterators::impl::DERIVE
_VIEW_INTERFACE

```
graph LR; A[iterators::const_zip] --> C[iterators::impl::DERIVE_VIEW_INTERFACE]; B[iterators::zip] --> C;
```

The diagram illustrates a relationship between two source functions and a target interface. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'iterators::const_zip' and the bottom box contains 'iterators::zip'. Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box on the right. This gray box contains the text 'iterators::impl::DERIVE_VIEW_INTERFACE' in two lines.
